## PROFILE

Motivated Computer Science student with strong interest in web development and software engineering.  
Experienced in building responsive websites and small web applications through academic and self-learning projects.  
Quick learner with a passion for problem-solving, clean code, and continuous improvement.  
Looking for an entry-level opportunity to apply technical skills and grow in a professional environment.

## PROJECT EXPERIENCE

- Personal Portfolio Website
  - Designed and developed a responsive personal portfolio website using HTML, CSS, and JavaScript.
  - Showcased projects, skills, and contact information in a clean UI.
  - Implemented mobile-first design and basic animations.
- Academic Project – Web Application
  - Developed a basic web application as part of academic coursework.
  - Used JavaScript for functionality and GitHub for version control.
  - Focused on clean structure, usability, and performance.
- Self-Learning Projects
  - Practiced frontend development through hands-on projects.
  - Built small components and pages to improve coding skills.
  - Continuously learning modern web technologies and best practices.
